

## PRESIDENT HAS A QUIET SUNDAY

HE ATTENDS MRS. ROOSEVELT'S  
CHURCH AT OYSTER BAY.

### AVOIDS PHOTOGRAPHERS

Secretary Loeb Almost Becomes a  
Hero—Taft and Wright Ex-  
pected at the Summer  
Capital.

Oyster Bay, N. Y., June 22.—Clad in a suit of white duck, wearing tan shoes and a Panama hat and looking extremely well and happy on the second day of his vacation, President Roosevelt drove Sunday with Mrs. Roosevelt to the village from Sagamore Hill and attended the morning service at Christ church, of which Mrs. Roosevelt is a member.

A small group of villagers nodded a welcome as bowing right and left and raising his hat repeatedly, the president drove into the shaded church yard. When the president and Mrs. Roosevelt drove away from the church a large crowd was assembled. Mr. Roosevelt again bowed and raised his hat. He carefully watched newspaper photographers and as they snapped their cameras he raised his hand and hat, covering his face.

Yacht Sylph Is Ready.  
Thus far the secret service men guarding the president have had nothing of importance to do. The president's yacht has arrived in Oyster Bay harbor and lies at anchor near Sagamore Hill, ready at a moment's notice to take the president or his family on pleasure trips.

During the day the president received no visitors and he passed the afternoon, which was extremely hot, at Sagamore Hill.

Secretary Loeb was interviewed regarding the report from Washington that he might be asked to accept the position of chairman of the Republican national committee. He was apparently pleased as he read the report and smiled.

"I have heard nothing whatever about the appointment," said he. "They seem to be arranging this matter in Washington."

Loeb Loses Chance to Be Hero.

Mr. Loeb, who this year is making his home at the Savannah Club, Corinthian Yacht club on Conter Island on the opposite side of the harbor from Sagamore Hill, narrowly escaped becoming a hero Sunday. He was on his way to the executive offices when his attention was drawn to a man in the water calling for help. As he was about to jump in and rescue the drowning man he observed a launch approaching.

The man was an employee of the club, who had gone bathing and ventured beyond his depth. He was taken ashore unconscious and was resuscitated.

Taft and Wright Expected.

It is not known definitely here just what day Secretary of War Taft will come to see the president, though he is expected during the week. He will be accompanied by Gen. Luke T. Wright, who has been chosen by the president to succeed Mr. Taft as secretary of war, when Mr. Taft's resignation becomes effective on June 30. The president will go over matters pertaining to the war department with the retiring secretary and his successor.

So far as is known no important political conferences have been arranged to take place at Sagamore Hill, it being the president's intention to obtain all the rest possible.

### BATTLESHIPS ARE GATHERING.

Seven of Atlantic Fleet Already at  
San Francisco.

San Francisco, June 22.—Assembling of the Atlantic fleet of 16 warships and six auxiliaries in this harbor, for the start on July 7 on the voyage around two-thirds of the world, from San Francisco to Hampton Roads, already has begun. Seven of the battleships, including the flagship of Rear Admiral Charles H. Sperry, the Connecticut, are here, and all of the auxiliaries are in this vicinity. Besides the Connecticut, the battleships in the harbor are the Louisiana, Ohio, Minnesota, Kansas, Vermont and Georgia. The West Virginia is at Mare Island.

Supplies are already being taken aboard the supply ship Calumet, and the refrigerator supply ship Glacier and the collier Ajax, the repair ship Panther, the hospital ship Relief and the dispatch boat Yorktown are being put in readiness for the long voyage.

### NEW AERODROME SUCCEEDS.

Curtiss "Junebug" Makes Three  
Flights at Hammondsburg, N. Y.

Hammondsburg, N. Y., June 22.—Three successful flights, one of which is said to be the longest ever made in public by a flying machine in America, were accomplished Sunday by the new aerodrome No. 3, known as the Curtiss "Junebug." The aerodrome in its last flight of the day rose smartly from the ground and covered a distance of 1,200 feet at the rate of 31½ miles an hour.

### Brothers Drowned in Michigan.

Midland, Mich., June 22.—Paul and Fred Foster, brothers of Auburn, Mich., were drowned Sunday while bathing in the Tittabawassee near here.

## BOMB CAUSED DISASTER

ONLY EXPLANATION OF BLAST  
ON STEAMER ARCADIA.

Three Persons Killed and Several In-  
jured by Explosion on Vessel  
at Philadelphia.

Philadelphia, June 22.—Investigation into the cause of the explosion on board the Hamburg-American line steamer Arcadia, in which three persons were killed and a number injured on Saturday, strongly tends to substantiate the theory that the bursting of a bomb caused the damage.

The explosion occurred in hold No. 4, in which the officers and agents of the vessel declare there were neither chemicals nor explosives. An examination of the bulkhead of three-eighths-inch steel separating No. 4 hold from the coal shows that it is covered with small indentures as though volleys of bullets had been fired against it. The steel partition was torn loose by the explosion and rolled up like paper and some of the fire inspectors say that an ordinary gas explosion would not have caused such a condition. Even the ship's officers, who at first declared the assumption that there was a bomb on board was absurd, Sunday admitted the possibility of such a thing.

The theory of the bomb is also the only one that explains the fact that two of those who met death in the explosion were killed by flying bits of steel and broken nails. A handful of such scrap was gathered up from the torn clothing and around the bodies of the dead men.

Members of the crew told the coroner's deputy who is investigating the accident that the Hamburg-American line has been facing a strike among deck employees at Hamburg and the belief is expressed that a bomb was put in the cargo of the Arcadia before she left that port, with the idea of causing its destruction while in mid-ocean.

### TEMPERANCE MASS MEETING.

International Sunday School Association  
Hears "Dry" Leaders.

Louisville, Ky., June 22.—A great temperance mass meeting at the armory, sessions of the superintendents and teachers congress in the afternoon, 15 missionary mass meetings throughout the city at night and sermons in 100 Louisville pulpits by eminent visiting ministers were the features of Sunday's work of the International Sunday School association, which is holding its twelfth triennial session in Louisville. The hottest weather of the summer did not seem to abate the enthusiasm of the workers or the interest of the general public in the program, which was carried through without curtailment.

The main event was of course the temperance rally at the armory. The national leaders in the present fight for prohibition were on hand to enlist the further interest and participation of the Sunday school workers in the campaign now in progress. Mrs. Lillian M. N. Stevens' address entitled "The Two Oars of the Temperance Movement" was accorded an enthusiastic hearing.

### ROYAL FUNERAL IN HAWAII.

Prince David Is Buried with Most Im-  
posing Ceremony.

Honolulu, June 22.—The funeral Sunday of Prince David Kawannunui, who died recently in San Francisco, and whose body was brought here on the steamship Manchuria, was one of the most imposing royal funerals ever held in Hawaii.

The ceremony was in accordance with ancient Hawaiian usage in the case of chiefs. The first regiment of the National Guard of Hawaii, a detachment of the Twentieth Infantry from Fort Shafter and marines and sailors from the battleships Maine, Alabama and St. Louis, how in the harbor, marched in the funeral procession, beside hundreds of members, men and women, of native Hawaiian societies. Sunday's services at the capital where the body lay in state in the old throne room, and at the mausoleum were conducted by the bishop of Zeigonia, the Roman Catholic bishop of the islands, and were attended by territorial, federal and military officials and the consular corps.

### BOTH ARE KILLED IN DUEL.

Double Fatal Shooting Affair Between  
New Mexico Cattlemen.

Albuquerque, N. M., June 22.—R. M. Sniller and Edward Jones, cattlemen, were both killed in a duel Sunday evening. The fight took place near St. Vrain, N. M., 200 miles east of here. The men were neighbors and quarreled over a cattle trade. Guns were drawn and fired simultaneously. Both men were instantly killed.

Sturgis, S. D., June 22.—E. H. Baldwin and Edward Graham, both of Bang Creek had a shooting scrape on a ranch north of Spring Creek Sunday morning with the result that Baldwin was killed and Graham is not expected to live. Graham, who was shot twice, went to a farmer's house and gave himself up. The farmer brought him here for medical aid.

### Throws Himself Before Train.

Columbus, O., June 22.—Early Sunday morning Mrs. James Constock of Sunbury, 20 miles north of Columbus, on the Cleveland, Akron & Columbus railway, threw herself in front of a fast passenger train and was decapitated.

### Manufacture of Champagne.

Grapes are squeezed six times in making champagne, yielding wine of great quality.

### TSCHAIKOVSKY TO BE TRIED.

Russian Revolutionist Is Accused of  
High Treason.

St. Petersburg, June 22.—Mme. Tschaiovsky Saturday visited her husband, Nicholas Tschaiovsky, a member of the Russian revolutionists, in the fortress of St. Peter and St. Paul. It was announced that the examination of M. Tschaiovsky had been completed and that he must appear before the court-martial on a charge of high treason. Mme. Tschaiovsky said that her husband was not aware of the imminence of his trial and was unacquainted with the contents of the indictment found against him.

## HAVOC IS WROUGHT BY WIND AND HAIL

FURIOUS STORM IN WISCONSIN  
AND MINNESOTA.

### WASHOUTS ON RAILROADS

Buildings Damaged and Trees Up-  
rooted at Prairie du Chien—  
La Crosse Chautauqua Tent  
Blown Down.

Prairie du Chien, June 22.—A terrific rain, hail and wind storm late Saturday night, lasting 40 minutes, during 25 minutes of which fell hail, ruined all the crops, unroofed buildings, smashed all windows in buildings facing the west and northwest, demolished trees, put the city light plant out of commission, blew the telephone systems all down and flooded the streets with water and hail.

### Great Storm at La Crosse.

La Crosse reports that a terrific wind and hail storm swept from Wisconsin down the Mississippi to Dubuque. The wind did considerable damage near Lakota, Minn., between Wisconsin and La Crosse. The big tent in which the Chautauqua is being held at the La Crosse Interstate fair grounds was blown down burying 1,500 people underneath. None, however, were seriously injured, although many were painfully bruised. Capt. R. P. Hobson was the principal attraction at the Chautauqua for the day, but he had left the tent before the storm broke.

### Minnesota Is Hard Hit.

St. Paul, Minn., June 22.—Specialists to the Pioneer Press give additional details of the destruction wrought by the wind and hail storm Saturday in the southern part of the state. A mile of track was washed out on the Northwestern line between Worthington, Minn., and Sioux Falls, S. D. In the vicinity of Lake Washington the hail broke every north window and piled up on the inside of the houses. Near Pettis half drifted to the depth of 12 inches and killed young live stock.

### Bad Railway Washouts.

Milwaukee, June 22.—Reports to the train dispatchers of the railroads entering here indicate that there was no loss of life in Saturday night's storm, though there will be delay in traffic until Wednesday owing to the washouts. Prairie du Chien is cut off west of Wauzeka. Dispatchers report that the washouts include several miles on the river division of the Chicago, Milwaukee & St. Paul and Burlington roads.

### Michigan Also Has a Storm.

Detroit, Mich., June 22.—Dispatches from southwestern Michigan points say that a terrific wind, rain and electrical storm passed over that section of the state early Sunday. At Kalamazoo lightning struck the German Lutheran church, tearing away the steeple. At Benton Harbor, enormous damage was done to fruit trees and to corn and wheat. Near Hillsdale several barns were fired by lightning and destroyed, together with some live stock. Great damage was done growing crops.

### Match for Burns in Melbourne.

Melbourne, Australia, June 22.—A syndicate has arranged a match between "Bill" Lane, the champion of Australia, and "Tommy" Burns, the American heavyweight champion, during the week the American fleet is here.

### Portland Power Plant Burns.

Portland, Ore., June 22.—The power plant of the Portland Railway, Light and Power company at Cazadero, was almost entirely destroyed by fire Sunday. The plant is valued at three-quarters of a million dollars.

### Canadian Town Is Burned.

Toronto, Ont., June 22.—The town of Burk Mills, Perry Sound district on the north branch of the Grand Trunk, was almost completely wiped out by fire Sunday, involving a loss of \$100,000.

## When You Buy Beans Look at the Label

The Government Pure Food Law specifically prohibits deceptive statements on food labels. When a label says "Baked" it means that the product is baked in an oven. If the word baked does not appear you take chances on some other method of cooking. Your safeguard, then, lies in looking at the label when you buy beans.

# HEINZ Baked Beans

## WOMEN FILL HYDE PARK

ENGLISH SUFFRAGETTES IN  
GREATEST DEMONSTRATION.

Gather from the Provinces and March  
Through London's Streets—  
Monster Mass Meeting.

London, June 22.—Favored by beautiful weather and displaying a totally unexpected genius for organization, the suffragettes' demonstration in Hyde Park Sunday was an unparalleled success.

Encouraged by previous successes, the suffragettes planned this demonstration as a climax of the year's fight for women's suffrage. It is hardly too much to say that never before was such a political demonstration seen in London.

Fully half a million people assembled in and around Hyde Park as active or passive participants in the great meeting, while for two or three hours in the middle of the day the whole center of the city was in a ferment. Various processions appeared, each about a mile in length, and the routes through which these passed were densely crowded with spectators.

The suffragettes from "the provinces" were met at the various railroad stations by delegations from the London organization and, forming into line, marched to Hyde Park. After arriving there, the leaders and speakers for the various sections had literally to fight their way to the platforms.

Almost all of the suffragettes wore white crosses, with sashes of their colors, green, white and purple, inscribed, "Vote for Women." There was much good-humored chaffing and the singing of songs in the vicinity of the platforms, and on this account the speeches practically were inaudible. The attitude of the onlookers was one of amused tolerance. Ambulances were kept busy, dealing with cases of fainting and minor injuries, owing to the great pressure of the crowds, but no serious accidents occurred.

### CRIME OF AGED HUSBAND.

Breaks His Wife's Skull and Attempts  
His Own Life.

Cleveland, O., June 22.—John Kelly, 75 years old, a retired contractor and real estate dealer, fatally wounded his wife Margaret, 73 years of age, the police assert, early Sunday in their home. Kelly then tried to commit suicide by beating out his brains with a hatchet, the weapon used upon his wife. Mrs. Kelly is at a hospital with a fractured skull. Kelly, although severely hurt, will recover.

Within a few days the couple would have celebrated their golden wedding anniversary. They prepared to go to church Sunday morning and the quarrel came when Kelly accused his wife, it is alleged, of drawing upon his savings account without his knowledge. Kelly, the police state, seized the hatchet and beat his helpmeet sorely with it. A daughter returning from church found her father battering himself and went for assistance. Both the aged people were unconscious when the neighbors arrived.

### EXCURSION TRAIN WRECKED.

Engine Goes into River But No One Is Injured.

Sandusky, O., June 22.—A Lake Erie & Western excursion train, outward bound from Sandusky, ran into an open draw bridge two miles from this city Sunday. The engine toppled into the shallow water, the crew escaping injury. None of the coaches followed the engine, and no one was injured. The train was proceeding slowly and is said to have been heavily loaded with passengers.

not support him, and the election of Taft is practically assured. The republican party is committed to tariff revision and this was the only issue worth considering.

Business will gradually improve and after election should again be in normal condition.

## OFFICER SAM BROWN.

The city is liable to lose the services of a good officer because he is unable to secure his pay. The trouble seems to be due to the legality of his appointment and is of the same character as the squabble now going on over the appointment of Marshall Appleby.

Officer Sam Brown was put on the force by W. H. Appleby. It was later discovered that he was not eligible because not a resident of the city for two years preceding his appointment. The Fire and Police Commission removed this objection by amending their rules, and Brown was retained on the force, but his pay has been held up, and as he is a poor man he has suffered in consequence and feels that he cannot continue to work without pay.

The city attorney claims that he is not warranted in advising the council to pay him while the Appleby and John Brown suit is pending, and so the chances are that the city will lose the services of one of the best officers on the force.

These, in brief, are the conditions and they are a disgrace to the city. The taxpayers are not in sympathy with this way of doing business. While the Fire and Police Commission may be an unnecessary piece of machinery, it is a part of the equipment and the people do not question its authority.

If the commission is destitute of authority the sooner it is put out of business the better. If it has authority, then the council can not afford to ignore it. In the meantime Officer Sam Brown should have his pay.

## TAFT AND SHERMAN.

The movement to organize a Taft and Sherman club in the city should be popular and should interest every republican. The campaign, which will be on at the close of the Denver convention, will be an active campaign in which every voter should participate.

If the republican party is to retain supremacy it will be because of loyal support and this can be aided through organization.

The unrest which has prevailed throughout the country for the past two years, culminated in an era of depression, and the party in power is always held accountable for such conditions.

At such times people who do but little thinking, clamor for a change, and so there is an element in the republican party today, inclined to turn to Bryan. While the element is not numerically strong, it should not be permitted to drift away from the party, and it can be held in line if the campaign is intelligently conducted.

The state should be thoroughly organized and an old time majority rolled up for the ticket.

Taft and Sherman, a happy combination representing the middle west and east, geographically, and the best ideas in statesmanship and hard common sense. The ticket will win, and with confidence restored the nation will enter upon another era of prosperity.

William Allen White's letters were entertaining but laced with radicalism. White has been training with the muck-raker crowd for the past two years, and has become slightly contaminated.

The Denver convention, and then the campaign, Bryan will head the ticket and will retire in November to get ready for the campaign in 1912.

## LOCAL PARAGRAPHS.

**Too Much Plente:** For drunkenness Roscoe Sherwood and Jack Doolay paid fines and costs amounting to \$3.10 each in municipal court this morning. William Comesty paid \$2.10. ## BE AN OPTIMIST.

Smile!

Hold up your chin and smile!

You cannot be a pessimist and be really successful. The optimistic spirit, the bright outlook, are absolute essentials toward successful living. Depression and gloom never won a victory of any kind.

Every effort to organize the "smile" clubs and "sunshine" clubs, so popular just now, ought to be encouraged.

Especially does the business world need the helpful influence of the optimistic spirit.

Just now the country still feels the effect of the panic of last fall. It is also "presidential year." Business men generally expect dull conditions until after the presidential election—and usually get what they expect.

It is therefore the more necessary that people should be stimulated by hopefulness. They should be shown the bright side of things.

Panics are largely psychological. Every so often people begin to expect and talk about the coming of a financial depression. The expectation brings about the reality. Money gets scarce. Capital begins to hedge. Men are out of employment. People economize. The "hard times" are on.

When the historian comes to investigate the period he finds the panic was caused by fear. The seeds originated in the discouraging remarks of some body supposed to know. Some one high up put the "suggestion" into the people's minds. The people were hypnotized.

Take the present year. It is the popular belief and expression that a presidential year must necessarily be a slow year in commercial circles. Because of that general belief this year is likely to be a dull year in business. It requires more than ordinary effort on the part of the hopeful and irrefragable optimists to change such a settled belief.

Confidence is the basis of all prosperity. If the country gets hopeful inspiration from the leaders of public opinion, it can accomplish much despite pessimistic tendencies.

Every one can do something toward creating an atmosphere of cheerfulness. Persistent hopefulness will do it. Smile!

Help your community by inspiration to its best effort. Smile!

Help your neighbor. Smile!

Help yourself. Smile!

## OBITUARY.

Henry Steinmetz.

The funeral services of the late Henry Steinmetz were held this morning at ten o'clock. The services were held at the grave and were conducted by the W. H. Sargent Post No. 26, G. A. R. Mr. Steinmetz being an old soldier. The remains were laid to rest in the G. A. R. lot.

A carload of window and door screens are marked at a clearance price at The White House.

**YOUNG CONVICT WAS A GENIUS.**

Australian Saved from Penitentiary Later Did Remarkable Work.

In the gardens attached to the house of parliament, Melbourne, there is an elaborately sculptured fountain, embellished with human figures, birds, flowers and various other ornamental work in stone. This fountain has a remarkable history. It was constructed entirely by a convict named William Stanford, within the walls of the Melbourne jail. When a young man of 21, Stanford, in a weak moment, joined a band of bushranging desperadoes, was captured and sentenced to terms of imprisonment amounting to the aggregate of 21 years. One day Col. Cham, the governor of Melbourne jail, was astonished to find a beautiful angelic figure which Stanford had carved out of a meat bone. He showed it to the leading sculptor of Melbourne who declared that the young man was a natural genius. The sculptor visited the jail and gave Stanford some lessons in the art. A petition for pardon was influentially signed, and Stanford was released. He became one of the most successful sculptors in Melbourne, and completely lived down his juvenile criminal escapade.

## As to Hogs.

A venerable Chinese landradyman, who likes to tell a tale or swap a lie, said the other day: "In China every gentleman works for a living, except the hog. Hog no work at all." Hogs do work in some parts of Ireland; and in the lowlands of Germany are beasts of burden. Abraham Lincoln used to tell about his young Illinois days working in Indiana and Illinois. In the backwoods, when a chimney was to be built, or a cabin daubed, the workmen dug a big hole in the clayey ground, filled it about half full of water, scattered a few handfuls of corn therein and turned loose the swine. The latter plunged in after the corn, and in a short while had converted the contents of the hole into excellent mortar.

## FORTY YEARS AGO

Janesville Daily Gazette, June 22, 1868.—A young man named Nathan Bailey, was thrown from a colt which he was riding this forenoon, and had a leg badly broken. He was taken to his home near the Mill Institute, and his wounds properly dressed.

Nearly Repaired Again.—The repairs on the dam are nearly completed, and when they are, the structure will be better than ever, we think. Nothing but the enormous masses of ice hurled against it by the restless floods induced by the spring break-up, could have swept it out and now it is so strengthened as to be proof against such an emergency.

A New Church Bell.—We learn that the Catholic Society have just procured a new church bell for their church in the fourth ward. It is now in Milwaukee and was purchased at a cost of \$10,000. We have not learned its weight, but judging from its cost, it must be vastly superior to any bell that has yet rung out its sweet sounds in Janesville.

Not Half High Enough.—Every day demonstrates the fact that the dog

license is not half high enough, and instead of lowering it or abolishing it altogether, it should be increased by the Board of Supervisors, with whom the matter is now left. Scarcely a week passes that we do not hear of some flock of sheep being assailed by dogs. Mr. John Allen has recently suffered in that way. Will not the city authorities authorize the wholesale poisoning of a few hundred worthless pups now running at large on the streets and thereby save some human being from the terrible death of hydrophobia?

What Is It?—A villainous insect of the fly species, about one-half an inch in length and of a grayish color, has made its appearance in this section and is proving very destructive to the plants and flowers attacked by it. In a number of instances that we have heard of, beds of plants have been used up in a few hours, locust trees have been stripped of flowers and foliage, and in one large potato field great ravages were committed. They seem to go in large swarms and after their work is done disappear as rapidly as they come. Their bite is very poisonous and raises a large blister.

THE DIFFERENCE.  
Mrs. Spiller—Yes, Mr. Why, the difference between a cow and a milkman is that the cow gives pure milk.  
Mr. Why—Maybe, but there's another difference also. The cow doesn't give credit.

THE CHILD MIND.  
Little Bobby—Uncle John, does hair grow on your face because you shave?  
Uncle John (who is bald)—Yes, Bobby.  
Little Bobby—Then why don't you shave your head?

NEXT IN ORDER.  
First Stranger—Excuse me, but you are a physician, I believe?  
Second Stranger—You are mistaken, sir.  
First Stranger—But I overheard you say you followed the medical profession.  
Second Stranger—And so I do. I'm an undertaker.

A BREAK.  
First Guest—What a queer remark that man made about the bride!  
Second Guest—What was it?  
First Guest—He said "How natural she looks, don't you think so?"  
Second Guest—Force of habit. He's an undertaker.

## Cool, Refreshing Breezes at Home.

A very comfortable summer may be spent at home—right here in Janesville—if you have an electric fan in the house. It affords instant relief in the sultriest weather by stirring the air into healthful motion, creating currents without direct draft. The new models are furnished with blades which revolve noiselessly and may be used in the bed-room at night without disturbing the sleepers.

FOR ONE CENT AN HOUR a house fan can be kept going, making small aggregate cost for the summer, the electricity being turned on and off as needed. Don't deprive yourself of this simple, effective means of keeping cool in hot weather. For particulars write, phone or call

## FOUR HUNDRED ENJOY THE ANNUAL PICNIC

Outing of the Janesville Machine Co. Was Participated in by Many.

Saturday afternoon the annual picnic of the Janesville Machine Company was held at York's park. Four hundred employees of the company and their families enjoyed the event. An interesting program of athletic events in which all took part, men, women, boys and girls, was followed by a ball game in the afternoon between the company team and the Parker Pen team. The interurban cars were crowded all the morning and extra cars had to be run to accommodate the crowd.

### Athletic Program.

Under direction of a committee composed of the following: Ed. Crandall, John Foster, Ed. Horn, A. H. Pfeiffer, E. J. Kollogg, W. H. Jollyman, R. A. Chase, A. L. Thom, and E. E. Gleason, the athletic program was gotten up. Prizes were given in every event for first and second places. The morning program was as follows: Shot put, throwing the shot, and hundred yard dash for men. Dinner was then served at twelve-thirty. The company furnished coffee, cream and sugar. In the afternoon the program opened with a tug-of-war between two teams for a cash prize of \$2.00.

The rest of the program was as follows: Fifty-yard dash for boys, fifty-yard dash for ladies, fifty-yard dash for girls under twelve, long jump, hop-step and jump, needle threading contest, potato race, sack race, lemon race for men, lemon race for ladies, jumping rope for young ladies, hurdle race, polo vault, fat men's race, and a three-legged race. Some very creditable records were made in the pole vault, long jump and shot-put.

**Ball Game.**  
The main event in the afternoon was the ball game between the Machine company team and the Parker Pen team. The Machine company was victorious by a score of eleven to seven; it was claimed, however,

JUST AS EASY.

by the Pen company, that not all those playing on the opposing team were employed by the Machine company. The two teams lined up as follows:

Machine Co.	Pen Co.
Porter.....2b.	Schuler
Brummond.....c.	Muller
Hilly.....3b.	Grove
Harris.....ss.	Dobson
Hartman.....1b.	Hobart
Phiberty.....rf.	Litts
Boylan.....lf.	Thorn
Kollogg.....lf.	Palmer
Brummond.....cf.	Summit

The Imperial band, hired by the company, played between the innings and also played for a dance during the afternoon.  
Taking it altogether it was one of the most enjoyable and most successful picnics ever given by the Machine company and the various committees in charge of the affair deserve credit for the manner in which the arrangements were carried out.

## MONROE VISITED BY A TERRIFIC STORM

Green County City Suffered From Wind and Rain in Saturday's Storm.

Monroe, Wis., June 22.—Monroe and vicinity was visited by a terrific storm Saturday evening. A fierce electrical disturbance, heavy downpour and a wild wind made the storm the most violent and destructive that has been experienced here in a long time.

Lightning struck in many places, trees were blown down and the streets strewn with limbs of trees and a flood of water added to the damage. The storm broke suddenly, soon after eight o'clock, after many people had come down town and the storm raged for over an hour. The electric light service was put out of commission early in the storm, leaving the city in darkness. While the storm was at its worst, lightning struck a barn in the east part of the city, resulting in a fire that required the services of the firemen in order to save adjoining property.

Lightning also struck the M. E. church, where the convention of the Epworth league of the Madison district was in session. Lightning struck the steeple, and Homer Shank of this city, who was lowering a window at the time, was overcome by the shock and remained unconscious half an hour. The convention was in darkness and the excitement was intense. St. Victor's church and the residence of Joseph Wood were also struck, but in all three instances the damage was only slight.

Company H, has established a bivouac camp at Prospect Heights, east of the city, and the soldiers held the fort against the elements until the break out in the city.

Woman Fined for Wearing Overalls—Mrs. Martin Maurice in Her Overalls.

Chicago.—It is illegal for women to wear overalls even for a joke. Municipal Judge Maxwell has taken Mrs. Martin Maurice, 1058 Wrightwood avenue, to task to the tune of \$20 for having donned masculine attire to aid a bad carrier to take bricks from the roof of a building which is being erected on Clark street. Mrs. Maurice states this was only a joke, but the joke is on her. There is a vast difference, according to the court rulings, between a diaphanous gown, even in the extreme faddy forms and overalls.

SAINT PAUL FISHERMEN SPEARING FISH AT WHITE BEAR LAKE.

The opening of the fishing season in St. Paul has been remarkable for the large quantities of fish swimming in the creeks connecting the lakes near the city. Large parties of fishermen daily visit White Bear Lake, a favorite resort, and have been rewarded with large catches of fish. In some cases the fish are so plentiful that it is impossible to cross the creeks without stepping on them, and the fishermen have been able to watch for the big ones and pull them out with their hands. At night time, when the fish seek the shallow water under the banks to rest, gasoline torches are lit and the fish are speared in large quantities, thrown into wagons and shipped to market. These fish are carp, red horse, sheep heads, bull heads, and pickerel, the largest pickerel speared this year weighing 30 pounds. The spears used to kill the fish have five prongs barbed at the point. The fish have been so plentiful this year as to threaten to clog up the streams in their mad rush for the deep water of the lakes in order to deposit their spawn.

T. Evans, son of "Fighting Bob," and known affectionately on the Louisiana as "the kid," revealed early this morning qualities that have made his father famous. He stood off a big crowd of Danbury coast toughs who were about to maltreat two blackjacks of the Louisiana in a dance hall, and put the gang to flight.

Evans, in civilized dress and with a number of friends, last night started on a slumming trip through the Danbury coast. At 2 o'clock this morning the party visited the United States dance hall. They had just entered when a fight started on the floor. Two blackjacks, John Wallick and William Edmundson had accused a man of having taken \$20 from them and a concerted attack was made upon them when Evans appeared. The lieutenant whipped out a big navy revolver and shouted: "Back up before I fill you full of lead." The men backed.

Although Evans explained who he was, a policeman arrested him and the sailors and took them to jail, where they were promptly jailed. The case was brought up this morning and the three were dismissed, Evans being commended for his behavior.
